

Miss. L. Hyland

This is my 6th year at Noadswood. I have worked in the Learning Support Department for 4 years and I have been the SENDCo for 2 years. I currently teach Maths and English. I work closely with the House Leaders for a holistic approach in supporting the pupils.

Mrs. K. Spence

I have been at Noadswood for 27 years. I teach a range of Humanities subjects and English. I have been part of the Learning Support Department for over 20 years. There is no better job than supporting and helping pupils with additional needs to make great progress. My main area of responsibility is now co-ordinating support for our disabled learners.

Mrs. V. Cacchi

I am a Senior LSA and have worked at Noadswood for 18 years. I have an Honours degree in Humanities and I specialise in English within the school, working mainly with the GCSE classes.

My other role involves the examinations which take place. I organise the timetables for the students who may have alternative or special arrangements and ensure that they run smoothly.

Mrs. S. Officer

I have worked at Noadswood for 3 years now as an LSA. Before I joined, I worked in a local Pre-School for 12 years. I have two older children of my own so I feel I have lots of experience working with children of all ages!

My role is to work alongside the teacher in the classroom to provide support for the children who might need it, enabling all students to access the curriculum.

Mrs. J. Gurd

I have worked at Noadswood as a Learning Support Assistant for 15 years. I still enjoy that every day is different. Whilst working at Noadswood at the grand old age of 56 I studied and achieved an Honours Degree in Education and Training Studies at the University of Portsmouth. This proves you are never too old to learn and follow your dreams. I also qualified as a Zumba instructor during the same year. I never tire of learning or trying new experiences.
