Noadswood School Food Bank Donations

On Thursday 12th December, students and staff from Noadswood made the short journey to the Waterside Foodbank in order to deliver a monumental delivery of items that had been kindly donated by students, parents and staff.

Our original plan of taking one car was soon needed to be replaced with a plan B! The school minibus was well over half full with multiple bags filled to bursting point, of food that will be made into parcels and given to those in our local community.

Jan and Colin at the foodbank were overwhelmed when it took 3 students and 4 members of staff to unload the minibus and it was wonderful for us to see the hard work that will now be undertaken to organize these donations.

We know that these donations are going to be make a huge difference this Christmas time and we look forward to hearing just how many meals and parcels were able to be made out of the items we gave.

A huge thanks to Olivia, Isha and Lilly were absolute superstars and deserve special recognition for their hard work in both helping to pack bags at Tesco earlier in the month and their help in making the delivery.
